

Overseas Academic Qualifications Equivalency Chart

This document provides the minimum grade requirements needed from each country/region in order to apply for a scholarship. It is worth noting that there can be great variation in the education systems between countries/regions and, where applicable, multiple systems have been listed within the same country/region.

The document has been compiled from a variety of sources including: UK NARIC (National Academic Recognition Information Centre for the United Kingdom) www.naric.org.uk and the UK government website for overseas qualifications <https://www.gov.uk/government/publications/overseas-degree-equivalency-table-and-methodology>.

Please note that this table lists the University of Westminster's minimum requirements for **postgraduate scholarship applications only** and these are non-negotiable.

Please note:

- If you hold an Equivalent Level Qualification (ELQ) then you are NOT eligible to apply for a scholarship. Please refer to our ELQ policy [here](#).
- A minimum equivalent of a UK 2.1 is needed to apply for a half or part tuition fee award.
- A minimum equivalent of a UK 1st is needed to apply for a full tuition fee award or a full scholarship.

If you do not meet the academic requirement needed in order to apply for a scholarship, then sadly, your application cannot be considered. **Please do not apply if you are not eligible.**

If your country/region is not listed, or the education system currently used is not displayed, please contact the Scholarships Office (scholarships@westminster.ac.uk) who can provide you with more information. When requesting more information regarding academic qualifications it is helpful if you can send copies of your academic transcripts, where possible.

	Country	1 st Class Equivalent	2:1 Equivalent	ELQ?
A	Afghanistan	90 – 100%	*85-89% from a well ranked public institution *Kabul University Bachelor's with at least 3.0 (out of 4) *Master's degree with at least 3.0 (out of 4)	Master's degree is considered comparable to British Bachelor degree standard
	Albania	9.5 – 10.0 = 1st	8.5 – 9.49 = 2:1	Master i Nivelit të Parë (First level Master's degree) is considered comparable to British Master's degree standard. Master i Nivelit t Dytë (Second Level Master's degree) is considered comparable to British Master's degree standard.
