Student Disciplinary Regulations

1. Introduction

The University is a scholarly, (and essentially adult), community for the pursuit of learning and research. The purpose of the University is to provide teaching, encourage learning and promote research. It also aims to support the recreational and social needs of its students in connection with their scholarly pursuits. It is a community which embraces diversity and inclusion. As members of this scholarly community, all students are required at all times, on and off campus, to conduct themselves in a manner that is considerate, courteous and respectful of others and of the pursuits of the University and to act responsibly in all their behaviour.

- 1.1 By enrolling on a course at the University, students agree to conduct themselves in a manner consistent with the fulfilment of the University's objectives and in accordance with its Student Code of Conduct, regulations, rules, policies and procedures.
- 1.2 As members of the University, students have a responsibility to help maintain good order and a safe environment which is conducive to study, living and working and the enjoyment by students of a positive student experience.
- 1.3 Staff are encouraged to address poor behaviour through early intervention, positively supporting students to develop their understanding of what constitutes acceptable behaviour, before circumstances escalate towards disciplinary action.
- 1.4 These Regulations are made pursuant to Clause 27.1.8 of the [Articles of Association](#). The University undertakes to regulate and manage compliance with its Student Code of Conduct through these Regulations in accordance with its duty of care and other legal responsibilities to the members of its community, and to protect its interests and activities and defend its good name and reputation.
- 1.5 Amendments may be made to the Student Code of Conduct and these Regulations only by the Court of Governors.
- 1.6 The purpose of these Regulations is to provide the University with a framework and processes to deal with and manage allegations of student misconduct and the attendant risks to which they give rise, including for the fair investigation and determination of suspected misconduct and the support of students who are involved in disciplinary matters.
- 1.7 In specific circumstances the University may impose precautionary action while these Disciplinary Regulations are being used. Appendix 3 sets out the circumstances and the precautionary action that may be imposed.
- 1.8 The University does not investigate or determine alleged breaches of the criminal law and does not act as a proxy Crown Prosecution Service. The University does not have the legal investigatory powers of the Police and cannot make a determination on criminal guilt. An internal University investigation is focused exclusively on whether a breach of the University's Student Code of Conduct has occurred. The internal process cannot therefore be regarded as a substitute for a Police investigation or criminal prosecution.
- 1.9 Where the alleged breach of the Student code of Conduct may also constitute a breach under criminal law, Appendix 2 sets out the steps the University may take and how this affects the University's procedures.
- 1.10 Where a criminal investigation or judicial proceedings are ongoing in the interest of not causing impediment to the criminal proceedings, the University will not normally commence an internal investigation or may suspend an ongoing investigation. In all instances the University will undertake necessary precautionary action. Further information on precautionary action is provided in Appendix 3.

- 1.11 A decision by the Police or Crown Prosecution Service (or other law enforcement agency) to take no further action in relation to a criminal matter or an acquittal at a trial does not preclude the University from taking action under this procedure.
- 1.12 Where a student has been convicted of a criminal offence or accepts a Police caution in relation to behaviour that falls within the scope of the University's Student Code of Conduct, the conviction/caution will be taken as conclusive evidence that the behaviour took place, and no further investigation shall be required by the University. The case will be referred by the Associate Head of College to a Stage 2 Formal Disciplinary Panel Hearing as an allegation of a major offence under the Student Disciplinary Regulations.
- 1.13 References in these Regulations to named University employee titles or officers (e.g. Academic Registrar) will include reference to their nominees.
- 1.14 Further information about the terminology used in these regulations is provided in the Definitions in Appendix 1. You should refer to this document if there are any words or terms that are unclear to you. If, having referred to the Appendix 1, you are still unclear about any aspect of this procedure, contact the Academic Standards Team.

2. Support

- 2.1 The University is committed to providing support for those members of its community affected by matters which fall under these procedures. The University will provide information on support resources available and offer interim measures as appropriate to the Reporting Party, Student, and witnesses involved in alleged incidents.
- 2.2 Support resources are available to any member of the University who discloses an incident regardless of their choice to make a Report to the University or Police. Support remains available irrespective of the outcome of an investigation, meeting or hearing.
- 2.3 Where the case involves a complaint of sexual misconduct or serious harassment a Student Casework Risk Panel (SCRP) meeting will be convened. The membership of the SCR Panel will depend upon the nature of the alleged incident and the membership may include;
- Associate Head of College (Educations and Students)
 - Director of Student and Academic Services (or their nominee)
 - Director of Human Resources (or their nominee)
 - Head of Residential Life and Student Support
 - Student Wellbeing and Inclusion Manager
 - Deputy Registrar (Quality and Standards) (or their nominee)
 - Director of Global Recruitment, Marketing, Communications and Development
 - Head of Counselling
 - A senior representative from the Academic Department/s of the student/s named in the report
- 2.4 During the SCR Panel meeting, members will:
- Consider the academic, welfare and support needs of the Student/s and of any other members of the University community directly involved in the complaint and identify any actions or measures required to ensure that those needs are met;
 - Undertake a risk assessment in order to determine whether any precautionary action needs to be put in place in order to:
 - ensure that a full and proper investigation can be carried out (either by the police or University) and/or
 - implement measures to reasonably ensure the safety and wellbeing of those involved during an investigation carried out by the Police or University.
- 2.5 Actions arising out of the SCR Panel meeting may include (but are not limited to):
- a) The provision of further or different support to the students involved. The support measures may relate to academic, housing, finance, health and wellbeing matters.

- b) The imposition of precautionary action (as set out in Appendix 3) on the Student pending the outcome of the criminal and/or disciplinary process.
- 2.6 The SCRP Panel (or representative from the Panel) may meet with the Student and/or a Reporting Person and/or providing the Student and/or a Reporting Person with an opportunity to make written submissions as part of the process, save where a decision needs to be made as a matter of urgency and the timescale in the circumstances does not provide for such opportunity.
- 2.7 Responding Students and where the Reporting Party is a student each will be offered to have a member of staff assigned to them to offer welfare and pastoral support from the Student Wellbeing Team. This support will be separate; one member of staff will not provide support to both parties. Staff in these roles are trained specifically to support either party during and after an investigation.
- 2.8 In sexual misconduct cases, the Reporting Student and Responding Student will be assigned a Sexual Misconduct Liaison Officer (SMLO) who is trained specifically to support each party under these procedures.
- 2.9 Pastoral support can also be received from Disability Services, for students living in University accommodation, Residence Life.
- 2.10 The University of Westminster Students' Union Advice Service is a confidential, independent and impartial service that is not part of the University. The service is for all students who are involved in the procedures described in these regulations, whether you are the reporting student, the reported student, or a witness. It will provide a named advisor who will meet with you and support and guide you throughout the process and can help you prepare for meetings / hearings and attend with you if you choose. They will also provide you with advice and support following the conclusion of a case, including, where applicable, information about whether you may have grounds for appeal, and support relating to any ongoing impact of any penalty imposed. They will aim to ensure that procedures are followed and that all students involved are given a fair opportunity to present their case.
- 2.11 The University will make these Regulations available to students in accessible formats, where required. The University will consider if reasonable adjustments are needed to the Regulations and its processes for Students with disabilities, and these will be discussed with the Student. A record of adjustments made to the procedures will be kept by the University

3. Monitoring

- 3.1 The University will maintain an appropriate central record of incidents to effectively engage in prevention and response initiatives.
- 3.2 The Academic Standards Manager will ensure that the Court of Governors, University Executive Committee, Academic Council are provided with anonymised data concerning the cases that are dealt with under this procedure. This will include decisions which result in the suspension or exclusion or expulsion of a Student.

4. Relationship to other Policies and Procedures

- 4.1 These Regulations relate to matters of non-academic misconduct and any action taken under these Regulations normally supersedes any disciplinary action being taken under other rules or regulations of the University of Westminster.
- 4.2 Where alleged misconduct constitutes academic misconduct, it should be referred for action in accordance with the [University's Academic Regulations](#).
- 4.3 If a student makes an allegation about a member of staff, this will be referred to the [Student Complaint Procedure](#) for investigation.

- 4.4 Students registered on programmes leading to membership of a professional or regulatory body should demonstrate appropriate behaviour and standards required for entry into that profession. Where such a student is found to have committed a disciplinary offence under these Regulations, that student may subsequently, and where appropriate, be referred for consideration under the [University's Fitness to Practise Procedure](#).
- 4.5 Where there is a concern that mental health, illness or disability may have directly affected a Student's behaviour, the Director of Student and Academic Services will be consulted to assess whether it would be more appropriate to consider the matter under the [Fitness to Study Policy](#) or Crisis Intervention Procedures as an alternative to disciplinary action. This assessment may be done at any stage of the disciplinary process (e.g. investigation, Stage 1 or Stage 2).
- 4.6 Where it is not clear how the alleged misconduct should be classified the matter will be determined by the Academic Registrar.

5. General Principles

- 5.1 The University will regard as unacceptable any behaviour by students which improperly interferes with or adversely affects:
- the University's community, pursuits, interests, activities, property or reputation; and/or
 - the safety, well-being, activities or interests of its students or staff as members of the University or of its visitors
- 5.2 Such misconduct includes, but is not limited to, behaviour which takes place during University-related activities (such as teaching, placements, field-trips and extra-curricular activities and events). It includes behaviour which takes place on or off University premises, including on digital platforms. It includes behaviour which takes place during or outside of term time, and behaviour that affects the reputation of the University in the local community or more widely.
- 5.3 These Regulations will apply in the case of allegations of non-academic misconduct. Conduct which the University regards as non-academic misconduct is set out in the [Student Code of Conduct](#)
- 5.4 The University strives to ensure fairness and consistency across the University in the application of penalties and sets these out in the table published in the Student Code of Conduct. The principle behind the table is simple and serves to ensure that all Students are aware of the possible penalties that they may receive if they are found guilty of misconduct in accordance with these Regulations. The table is not an exhaustive list of penalties or offences.
- 5.5 These Regulations apply to all Students. The University may also implement these Regulations in respect of Former Students and, where they are so implemented, references in these Regulations to Students should be read as references to Former Students.
- 5.6 In the case of Students who are also registered with a collaborative partner on a course that is validated by the University, the disciplinary procedures of that collaborative partner will normally apply. Any variation from this will be stated in the partnership agreement. Only where that agreement states that such students are subject to the University's disciplinary procedures will these regulations apply.
- 5.7 Where a Student is enrolled on a course that is regulated by a professional, statutory or regulatory body (PSRB) and the Student is suspected of misconduct, or is found under these Regulations to have committed misconduct, the University may, depending on the nature of the misconduct allegation or offence, be obliged to report that fact and related information to the PSRB.

- 5.8 These Regulations provide an internal and confidential University process for dealing with student misconduct and do not replicate court or criminal processes. Legal representation is not normally permitted at any meeting or hearing convened under these Regulations although the University, at its discretion, may permit legal representation in an exceptional case in the interests of fairness.
- 5.9 The University will, wherever practicable, seek to adhere to the time limits outlined in these Regulations; however, in cases where there are special circumstances which require variance from specified time limits, the University will advise Students of this and the reasons for this and the revised timeline.
- 5.10 The University may postpone or adjourn any procedural step or stage under these Regulations (including any investigation, meeting or hearing) and /or modify any of the procedural provisions of the Regulations in the interests of fairness and/or to assist it to comply with its legal and/or regulatory obligations and/or for other good reason. It may instigate or continue with any procedural step or stage of these Regulations where a Student refuses or otherwise fails to comply or engage with any invitation, procedural step or stage without good reason.
- 5.11 Students will be given an opportunity to attend disciplinary and appeal meetings and hearings in person (or, depending on the circumstances (for example, due to pandemic or personal circumstances) virtually). The University reserves the right to proceed with any disciplinary or appeal meeting or hearing in the absence, without good reason, of a Student, subject to the Student having been properly notified of the date and time of the meeting or hearing, or in cases where police investigation, criminal proceedings or conviction do not allow the Student to attend in person. Student's expenses for attending meetings under this procedure will not normally be reimbursed by the University.
- 5.12 Students will have the right to be accompanied to any meeting or hearing under these Regulations by a Friend. The role of the Friend is to provide moral support during a meeting or hearing. Student may also be accompanied by a Representative who may make representations on behalf of the Student. The Friend/Representatives cannot be a witness in the case under consideration.
- 5.13 The University reserves the right not to proceed with any investigation or other stage under these Regulations in connection with a misconduct allegation where it considers there are insufficient grounds or evidence to do so, or for other good reasons.
- 5.14 If the Reporting Person subsequently decides to withdraw their allegation, the University may decide to continue with proceedings under these Regulations including any investigation, or to refer the matter to the Police if it is necessary to uphold the health, safety and security of members of the University community. In all circumstances, the Reporting Student will continue to have the right to receive the support and advice of the University's support services.
- 5.15 The standard of proof adopted under these Regulations is the balance of probabilities. The burden of proof will be on the University to prove that, on the balance of probabilities, the Student has committed the misconduct of which they are suspected. Where a student appeals a decision the burden of proof will be on the student.
- 5.16 The University may share information provided by and/or about Students, staff, Witnesses and others with people involved in a disciplinary matter where it is necessary to do so for the purposes of investigating, determining or otherwise dealing with misconduct or disciplinary issues and/or the risks to which they give rise (including, for example, providing pastoral support and protecting the health, safety, wellbeing and/or continuation of study of a Student). The sharing of such information where it may constitute personal data about any individual involved in a disciplinary matter is subject to compliance with the data protection legislation and confidentiality requirements.

- 5.17 Written communications will be sent to the Student's University e-mail address (or, in the case of Former Students, to their home address and personal email registered with the University). Students are required to check regularly their University e-mail account. Written communications may also be sent to the term-time contact address (during term-time) or home address (out of term-time) as recorded on the University's student record system. Students are responsible for ensuring that these contact details are kept up to date. Non-receipt of properly addressed and dispatched correspondence will not be accepted as valid grounds for delay or annulment of procedures or outcomes under these Regulations, nor will it be accepted as grounds for appeal.
- 5.18 Where a Student is found to have committed a disciplinary offence this will be recorded on the Student's file and retained in accordance with the [University's records retention schedule](#). The Student's disciplinary record may be referred to in future references and will be referred to should any subsequent breach of the Student Code of Conduct be determined.
- 5.19 There will be very limited circumstances in which the University can disclose any information about the misconduct to any third parties. Where a third party, who is a member of the University (staff or student), has been involved in a case as a victim of the alleged incident, the University may provide information on whether the case is being considered, and if their concern was upheld and if action had been taken that directly impacts them. Where the third party is external to the University, the University would not normally provide information with regards to specific cases but may exceptionally do so where the information could potentially impact on the wellbeing of the third party. In addition, information relating to the case may be required to be disclosed in connection with any relevant professional or criminal investigation, (or in references, as referred to above). A written record of all such instances, with grounds for disclosure, should be kept.
- 5.20 In addition to the rights of review afforded to a Reporting Person under these Regulations, a Reporting Person who is concerned about how a misconduct allegation or disciplinary matter has been dealt with by the University may be able to make a complaint against the University under the Student Complaint Procedure.
- 5.21 The University may reconsider disciplinary allegations previously raised against a Responding Student after a matter has been dismissed, determined or otherwise concluded if there is new material evidence or information that emerges that was not previously reasonably available, for example at the time of an investigation.
- 5.22 The recording of any conversation, call, meeting or hearing by or on behalf of a Responding Person without the prior, express and written permission of the University will be regarded by the University as a covert recording and will not be admissible in proceedings under these Regulations save in exceptional circumstances in the interest of fairness in the sole discretion of the University. A student who, for good reason, wishes to record a conversation, call, meeting or hearing (for example by way of a reasonable adjustment for a disability or in the interests of fairness) should seek the prior, express and written permission of Academic Registrar. In determining a request, the Academic Registrar will consider how the privacy rights of any other relevant individuals should be protected and whether there is an alternative, more proportionate and less intrusive way in which the conversation, call, meeting or hearing may be noted (for example by way of a written transcript appropriately redacted).
6. **Disclosure**
- 6.1 A Reporting Person may choose to make a disclosure using the University's Report and Support tool. A disclosure does not automatically result in a Report to the University being made under these Regulations. The University respects the right of the Reporting Person to choose how to take forward a Disclosure.
- 6.2 Following a Disclosure, the Reporting Person will be given their reporting options along with information on resources for specialist support, which are set out in the table below. The University recognises that the Reporting Person may require time and reflection before

making a decision. The Reporting Person will be given the option and support to do one or more of the following:

- report to the Police;
- report to the University under the University’s Student Disciplinary Regulations
- make no report of the incident; and/or
- receive advice on the support that is available

Status	Example	What student can expect
A disclosure	E.g. a student tells a tutor but does not provide details that permit investigation	Signposting to reporting platform Referral to wellbeing team Signposting to external agencies (e.g. Police and charity and support organisations as listed by the Student Wellbeing team)
A report	E.g. a student reports to the University with details of the incident (including using Report and Support) but does not state what action they are expecting	Access to specialist internal advice and support Liaison on academic or practical adjustments Advice on options (including making a complaint that the University can investigate)
A complaint	E.g. a student submits an account of the incident and confirms that they wish the University to take protective action and investigate	Student Disciplinary Regulations to be initiated Consideration of immediate protective actions

7. Initiation of the Regulations

- 7.1 Alleged student misconduct should normally be reported in the first instance (in writing) to the College Academic Administration Officer who will report the matter to the (relevant) Associate Head of College (Education & Students) in which the student is or was studying. The Associate Head of College (Education & Students) will also consider reports received from Report and Support; Security; Accommodation; Residential Life; academic staff, Students’ Union, Members of the Public and other Professional Service Departments. Anonymous allegations will not normally be considered.
- 7.2 In the case of incidents arising in University of Westminster Student Residences, the alleged misconduct should normally be reported in the first instance in writing to the Residential Life Manager. In the case of incidents arising in a University Library, the alleged misconduct should normally be reported in the first instance in writing to the relevant Library Manager. A decision will be taken on whether the incident should be dealt with through local procedures or reported to the relevant Associate Head of College (Education & Students).
- 7.3 At all times the University will be mindful of any ongoing risk posed by the Responding Student alleged to have committed the misconduct, for example risk to self. The Associate Head of College (Education & Students) may consult the Academic Registrar, Director of Student and Academic Services and/or other relevant senior staff in relation to the management of risk, and where appropriate may take emergency action as outlined in Appendix 3.
- 7.4 A Reporting Person and the Responding Student against whom the allegation has been made should not attempt to investigate a misconduct matter themselves, instead providing all potentially relevant information to the Associate Head of College (Education & Students) or nominee.
- 7.5 Upon receipt of an allegation of misconduct, the relevant Associate Head of College (Education & Students) will determine whether:

- i) the allegation be dismissed. This may be for a variety of reasons such as that there is no case to answer, that there is insufficient evidence to support the allegation, that the allegation has been made with malicious intent or that the University is concerned that proceeding under the Regulations is outweighed by risk to the welfare of a Reporting Person or a Responding Student.
 - ii) the allegation be referred to be dealt with under a different University procedure;
 - iii) the alleged misconduct be classified as a minor offence and a matter for the Student's Head of School to deal with at Stage 1 of these Regulations.
 - iv) the alleged misconduct be classified as a major offence or where there is persistent or repeated misconduct by the student and should be dealt with at Stage 2 of these Regulations. In this case, the Associate Head of College (Education & Students) will inform the Academic Standards Manager, the College Academic Administration Officer will update the database accordingly (see footnote 1¹).
- 7.6 In order to make the above determination the Associate Head of College (Education & Students) may undertake a preliminary investigation into the alleged misconduct as is appropriate and proportionate in the circumstances.
- 7.7 Where a preliminary investigation is undertaken the investigation will be started promptly and normally within 10 working days of the date of the referral to the Associate Head of College (Education & Students).
- 7.8 A preliminary investigation may include (but need not be limited to) the taking of written statements from witnesses, the holding of meetings with members of university staff and/or the collation of evidence or information, as relevant in the circumstances. In addition, the Associate Head of College (Education & Students) may request written statements, meetings, evidence and/or information from anyone outside of the University community. Information collated by the Associate Head of College (Education & Students) as part of a preliminary investigation may include (but is not limited to) information provided by others, records, correspondence, CCTV evidence and/or records of online activity. This is a non-exhaustive list, and the Associate Head of College (Education & Students) may request any information that they consider relevant to the preliminary investigation.
- 7.9 The Associate Head of College (Education & Students) may invite the Responding Student against whom the misconduct allegations have been raised to meet with them as part of a preliminary investigation.
- 7.10 Written notes will be taken of all preliminary investigative meetings. A Responding Student invited to attend a preliminary investigative meeting will be informed in advance of the meeting that they are able to bring a Friend to the meeting. At the meeting the Responding Student will be provided with an opportunity to present information, evidence and the names of any witnesses should they wish to do so. Following the meeting they will be provided with the opportunity to comment on the factual accuracy of the written notes of the meeting.
- 7.11 Where a preliminary investigation meeting is held the Associate Head of College (Education & Students) will write to the Responding Student normally at least 5 working days before the date of the meeting to confirm that an allegation of misconduct has been received and the relevant clause(s) of the Student Code of Conduct or other University rules it is suspected

¹ The Academic Standards Manager shall manage a database for the purpose of recording student disciplinary cases, and the College Academic Administration Officer shall notify the Academic Standards Manager by logging the case in this database. Access to this database shall be restricted to the Academic Standards Manager, the College Academic Administration Officers, Heads of Colleges, Heads of Schools, Associate Head of College (Education & Students) Residential Life Manager and Library Managers. Records will be retained in accordance with the University's records retention policies, and in accordance with the provisions of the Data Protection Act.

may have been breached and to explain that the meeting is part of a preliminary investigation being carried out under Regulation 7. The Responding Student will also be informed of the date, time and place of the meeting (or, if it is to be held remotely, the arrangements for the holding of the meeting). The Associate Head of College (Education & Students) will provide a brief summary of the nature of the alleged misconduct and the name of any Reporting Person or Witnesses (unless the identity of any Reporting Person is unknown or, exceptionally, if there is good reason to keep the identity of a Reporting Party or any Witness confidential). The written invitation to the Responding Student will also describe the preliminary investigation process and the possible outcomes of the preliminary investigation as set out at Regulation 7.5 above.

- 7.12 Upon conclusion of a preliminary investigation the Associate Head of College (Education & Students) will determine - whether the offence should be classified as a major offence or minor offence or that the allegation be dismissed or be referred to be dealt with under a different University procedure, under Regulation 7.5. The Associate Head of College (Education & Students) will inform the Reporting and Responding students of their decision in writing. Where the offence is classified as a major offence, the Associate Head of College (Education & Students) will produce a Preliminary Investigation Report, outlining the findings of the investigation and their decision.
- 7.13 Where the Associate Head of College (Education & Students) is unsure whether an instance of alleged misconduct should be classified as a minor or major offence, advice should be sought from the Academic Standards Manager.

Procedures to Request a Review - sexual harassment or sexual misconduct

- 7.14 In cases of alleged serious harassment or sexual misconduct (such as sexual assault) of a Reporting Person, a copy of the Preliminary Investigation Report, and where it is necessary for the purpose of protecting and/or supporting their health, safety or wellbeing from a risk of serious harm and/or protecting the continuation of their studies from a risk of serious interruption or disruption and of the decision made under Regulation 7.5, redacted for relevance and where necessary in compliance with data protection and confidentiality obligations, will be provided to the Reporting Person at the same time as it is provided to the Responding Student. The Reporting Person may request a review of the decision of the Associate Head of College (Education & Students) under Regulation 7.5 on one or more of the following procedural grounds only:
- a) procedural irregularity;
 - b) the decision reached under Regulation 7.5 was unreasonable; and/or
 - c) new material evidence is available which was not previously reasonably available.
- 7.15 The Reporting Person must make any review request in writing to the Deputy Registrar (Quality and Standards) within 10 working days of the date of the decision made under Regulation 7.5. The Deputy Registrar (Quality and Standards) will consider the review request and determine whether valid grounds for review are disclosed. The Responding Student will be informed that a review request has been made.
- 7.16 Where it is determined that no valid grounds for review have been disclosed, the Reporting Person and the Responding Student will be informed of this in writing (normally within 10 working days of the date of the review request) and this decision will be final.
- 7.17 Where it is determined that one or more valid grounds for review have been disclosed, the matter will be referred to a different Associate Head of College (Education & Students) to which the Responding Person is registered to undertake a review of the decision made under Regulation 7.5. and the Reporting Person and the Responding Student will be notified of this. The review will take place on paper without a hearing although the Associate Head of College (Education & Students) may meet separately with the Reporting Person and/or the Responding Student as part of the review process. The Reporting Person and the Responding Student will both be entitled to make written submissions in connection with the review, and such submissions if made will be copied to the Reporting Person / Responding Student as relevant (subject to necessary redaction) who will then have an opportunity to

comment on them in writing to the Associate Head of College (Education & Students). At the conclusion of the review the Associate Head of College (Education & Students) will determine whether the original decision made under Regulation 7.5 should stand or a different decision be substituted from the options available under Regulation 7.5. The Reporting Person and the Responding Student will be informed in writing of the review decision normally within 10 working days of the date of the matter having been referred to the Associate Head of College (Education & Students) for review. The decision may have information deleted to protect the data protection and confidentiality rights of other individuals. This decision will be final.

8. Stage 1: Formal Disciplinary Meeting (Disciplinary Procedure for Minor Misconduct)

- 8.1 Where the alleged misconduct is referred under Regulation 7.5 to the Head of School, or nominee will ensure that such investigation as is appropriate and proportionate is undertaken to deal with the matter. The responding student will be informed of the misconduct allegations, that an investigation is being undertaken and of the identity of the investigator. This may include interviewing other individual(s) concerned in the presence of a member of staff nominated by the Director of College Operations who will be responsible for making a formal record of the interview. Where a preliminary investigation has taken place, the Head of School, or nominee will be provided with the material gathered as part of the preliminary investigation.
- 8.2 Following any investigation, the University will invite the Responding Student in writing to a Stage 1 Formal Disciplinary Meeting with Head of School, or nominee. The written invitation will specify the concerns raised against the student and the alleged breach of the Code of Conduct. The Responding Student will be provided with the evidence in support of the allegations. The University will inform the student of any witnesses that they will be bringing to the meeting. The Responding Student will normally be given at least five working days' notice of the Formal Disciplinary Meeting. The written invitation will also inform the Responding Student of their right to be accompanied by a Representative or Friend and will also refer the Responding Student to sources of support and guidance available in connection with the Formal Disciplinary Meeting. The Responding Student must inform the University of who they would like to bring to the meeting.
- 8.3 The Responding Student will also be invited to request any reasonable adjustments in respect of the Formal Disciplinary Meeting.
- 8.4 Should the Responding Student fail to attend the Formal Disciplinary Meeting without good reason, the Meeting may proceed in the Student's absence.
- 8.5 At the Formal Disciplinary Meeting the Head of School will present the disciplinary case against the Responding Student and the Responding Student will be given an opportunity to respond to the case. Witnesses may be called by the Responding Student and/or the University to attend the Formal Disciplinary Meeting. Where the Responding Student invites Witnesses to attend the meeting, the names of any such witnesses, along with any written statements, must be submitted to the Head of School at least four working days before the meeting.
- 8.6 Following the Formal Disciplinary Meeting and consideration of the evidence (including any witness evidence), the Head of School will determine whether the Responding Student has committed any or all of the disciplinary offences raised against them. Where it is determined that the Responding Student has committed a disciplinary offence raised against them, the Head of School will consider whether a disciplinary penalty should be imposed on the Responding Student under Regulation 8.8.
- 8.7 Exceptionally, where additional evidence comes to light which was not made available before the Formal Disciplinary Meeting and which would indicate that the matter is not a minor offence but a major offence, a recommendation will be made to the Associate Head of College (Education & Students) that a Disciplinary Panel Hearing be convened under Stage 2 below.

- 8.8 Where the Head of School, or nominee determines that the Responding Student has committed a disciplinary offence, the Head of School will consider whether to impose one or more of the following penalties or conditions:
- a) a formal written reprimand which includes a warning that any further misconduct may result in a Stage 2 Formal Disciplinary Panel Hearing
 - b) a requirement that the Responding Student provide a written apology within a specified time
 - c) a requirement that the Responding Student pay reasonable compensation for any damage or loss caused;
 - d) exclusion from specific University-related activity/ies and/or event/s (for example tutorials, lectures, examinations or other assessments, placements, field-trips, extra-curricular events and activities or graduation, whether in person and/or remotely) for a specific period of time;
 - e) suspension of access (whether in person and/or remotely) to University services and/or facilities (for example the library or studio spaces) for a specified period of time;
 - f) restrictions and/or prohibitions on contact (whether in person and/or remotely) between the Responding Student and a named Reporting Student and/or another named person(s) or category of person(s) for a specified period of time;
 - g) removal from a University held position such as Course or School Representative or Student Panel Adviser.
- 8.9 If a Responding Student admits to a disciplinary offence, the Head of School, or nominee will consider this in determining any penalty to be imposed.
- 8.10 The Head of School, or nominee will confirm their decision to the Responding Student in writing with reasons, along with the record of the meeting, normally within five working days of the date of the Formal Disciplinary Meeting. All outcome letters must include a detailed statement of the facts identified through the evidence available and give the reasons for the decision and for the penalty, if any, imposed. The College Academic Administration Officer will record the decision on the database maintained for this purpose. Other relevant members of staff will also be informed as appropriate.
- 8.11 Any Responding Student failing to comply with a penalty imposed under Stage 1 may be referred to a Stage 2 Disciplinary Panel.
- 8.12 The Responding Student will be informed in the decision letter of their right to request an appeal of the decision of the Formal Disciplinary Meeting. If a Responding Student wishes to request an appeal, they must submit a request in writing to the Academic Registrar, or nominee within 10 working days of the date of the decision letter. An appeal request submitted after this deadline may, exceptionally, be allowed at the discretion of the Academic Registrar, or nominee where the Responding Student provides good reason, to the satisfaction of the Academic Registrar, or nominee for its late submission.
- 8.13 An appeal request may be made on one or more of the following grounds only, that:
- there has been procedural irregularity in the conduct of the disciplinary process;
 - new material evidence is available which was not previously reasonably available;
 - the decision made was unreasonable and/or the penalty imposed was disproportionate to the disciplinary offence.
- 8.14 Where, in the opinion of the Academic Registrar, or nominee valid ground or grounds for appeal are disclosed the Academic Registrar, or nominee will accept the appeal request and refer the matter for consideration by a Student Disciplinary Appeal Panel and will notify the Responding Student in writing of this decision. The decision of the Formal Disciplinary meeting, including in respect of any penalty, will stand until such time as it may be overturned or modified by a Student Disciplinary Appeal Panel. A Reporting Person will have no right to request a review or appeal of the decision of the Formal Disciplinary Meeting but may have recourse to the Student Complaints Procedure where they have a complaint as defined in the Student Complaints Procedure

8.15 Where, in the opinion of the Academic Registrar, or nominee no valid ground for appeal is disclosed the Academic Registrar, or nominee will reject the request and will write to the Responding Student to inform them of this decision. Where an appeal request is rejected the Formal Disciplinary Meeting decision will stand, there will be no further opportunities for appeal under these Regulations and the University's internal procedures are completed. The Responding Student will be issued with a Completion of Procedures letter.

9. Stage 2: Formal Disciplinary Panel Hearing (Disciplinary Procedure for Major Misconduct including Persistent and/or Repeated Misconduct)

9.1 In cases where it is determined under Regulation 7.5 or 7.17 that the suspected misconduct should be classified as a major offence and should be heard by a Stage 2 Formal Disciplinary Panel, the Academic Standards Manager, will convene a hearing of the Stage 2 Formal Disciplinary Panel as soon as possible and normally within 30 working days following notification of the requirement to hold a Formal Disciplinary Panel Hearing.

9.2 Where a preliminary investigation has not been undertaken, and the Associate Head of College (Education and Students) determines that a further investigation is required they may appoint an investigator prior to the holding of a Formal Disciplinary Panel Hearing (who may be external to the University) to carry out such investigation into the misconduct allegations as is necessary to prepare and present a disciplinary case against the Responding Student at a Formal Disciplinary Panel Hearing. The investigation may include as relevant, collating documents and other evidence such as CCTV footage, social media communications or text messages, interviewing witnesses and gathering statements (including any Reporting Person), and speaking with University staff and other individuals in addition to the Student may be invited. The Responding Student will be informed that an investigation of the concerns is being undertaken, in writing of the misconduct allegations and that an investigator has been appointed to undertake an investigation and of the identity of the investigator.

9.3 As part of the investigation the Investigator will identify and take statements from any witnesses and may be asked to attend an investigation meeting at the discretion of the Investigator. The witnesses will not normally be provided with any investigation materials. Witnesses will be required to keep the details of the investigation confidential.

9.4 At the conclusion of an investigation under Regulation 9.2 the Investigator will prepare an investigation report detailing the misconduct allegations they have investigated, summarising the evidence they have collated and their findings and the misconduct allegations.

9.5 A copy of the investigation report will be provided to the Associate Head of College (Education and Students), the Academic Standards Manager and the Responding Student and normally within 25 working days of the date of appointment of the investigator.

9.6 The Academic Standards Manager will write to the Responding Student to inform them of the date of the Stage 2 Formal Disciplinary Panel Hearing, the letter will:

- iii. enclose a copy of these Regulations and the conduct rules that it is alleged the Responding Student has breached;

- v. inform the Responding Student of the names of the Disciplinary Panel members (and who will act as Chair) and of the Secretary to the Panel;
- vi. inform the Responding Student of their right to attend the Formal Disciplinary Panel Hearing, to submit a written statement to Secretary to the Panel in advance of the Hearing should they wish to do so, to call witnesses to attend the Hearing (and that it will be the Responding Student's responsibility to arrange their attendance) and to

- vii. inform the Responding Student of their right to be accompanied and represented at the Hearing by a Representative and/or Friend,

 - ix. invite the student to inform the Panel Secretary of any reasonable adjustments they might require to access the Hearing; and
 - x. advise the Responding Student that the Hearing may proceed in their absence if they fail to attend without good reason.
- 9.7 The Panel Chair may consider it necessary to permit the evidence of a witness, including a Reporting Person (who may be the main or only witness in a case), to be provided by way of a written statement or other means (e.g. through the Chair, or by video) rather than in person at the Hearing where there is good reason to do so (such as where the University considers that providing evidence in person at the Hearing and/or being questioned directly by the Responding Student could pose a risk of serious harm to their health or wellbeing). Where witnesses are requested to attend the Academic Standards Manager will make the necessary arrangements.
- 9.8 The Responding Student against whom the disciplinary allegation has been made may invite witnesses to submit a written statement and to attend the Formal Disciplinary Panel Hearing. The names of any such witnesses, along with any written statements, must be submitted to the Academic Standards Manager at least four working days before the date of the Hearing in order to allow the Panel sufficient time to consider the documentation.
- 9.9 The Responding Student may also submit a written statement in support of their case. This must be submitted to the Academic Standards Manager at least five working days before the date of the Formal Disciplinary Panel Hearing.

 - the members of the Panel may ask questions of the Investigator, the Responding Student (or representative), and any witnesses at any time;
 - the Panel will retire in private to deliberate.
- 9.13 The Formal Disciplinary Panel will determine whether or not the disciplinary offences raised against the Responding Student are proven on the balance of probabilities. Any disciplinary offences determined not to have been proven will be dismissed. Where the Formal Disciplinary Panel determines that a disciplinary offence has been proven it will consider whether any sanction set out at Regulation 9.25 should be imposed
- 9.14 In cases of allegations of serious harassment or serious sexual misconduct of a Reporting Person and where it is necessary for the purpose of protecting and/or supporting their health, safety or wellbeing from a risk of serious harm and/or protecting the continuation of their

studies from a risk of serious interruption or disruption, the Formal Disciplinary Panel may provide a Reporting Person with a copy of the draft decision it is minded to make, including in respect of any penalty to be imposed (subject to relevance and compliance with data protection legislation and/or confidentiality obligations). In such instances the Reporting person will be provided with an opportunity to make written submission to the Panel on the draft decision which submissions will be copied to the Responding Student and upon which the Responding Student will have an opportunity to respond in writing to the Panel. There will normally be no further opportunity for the Reporting Person or the Responding Student to make comments to the Panel but the Panel through the Chair may request further comments from the Reporting Person and/or the Responding Student at its sole discretion as it requires necessary in order to reach a decision in the matter. The Panel will consider the comments made by the Reporting Person and the Responding Student under Regulation 9.25 in reaching a final decision in the matter.

- 9.15 The Responding Student will be informed of the decision of the Formal Disciplinary Panel in writing, with reasons, and of their entitlement to request an appeal under Regulation 10, normally within five working days of the date of the Hearing. If it is identified that the outcome may take longer than five working days, the Responding Student will be notified.

- 9.22 The Formal Disciplinary Panel may adjourn a Formal Disciplinary Panel Hearing where, for good reason, the Responding Student is unable to attend the Hearing, in order to permit further investigation to be undertaken, to seek additional evidence or clarification of evidence, in light of police investigation or criminal proceedings, or for such other reason as is reasonable.
- 9.23 Where the Formal Disciplinary Panel determines that the Responding Student has committed a disciplinary offence, the Panel may consider the imposition of one or more of the following penalties or conditions:

 - b) to require the Responding Student to provide a written apology

- 9.29 In cases of allegations of serious harassment or sexual misconduct (such as sexual assault) of a Reporting Person and where it is necessary for the purpose of protecting and/or supporting their health, safety or wellbeing from a risk of serious harm and/or protecting the continuation of their studies from a risk of serious interruption or disruption, a copy of the decision letter of the Formal Disciplinary Panel or selected details therefrom may be provided to the Reporting Person (subject to relevance and compliance with data protection legislation and/or confidentiality obligations). A new visa will be required if the Student is approved to resume their studies at a later date. If
