## Who is this guide for?

This guide is for students coming to study a full-time course at the University of Westminster, or continuing their studies at the University, who are either funding their own studies, are funded by their parents, have a US study loan, have Official Financial Sponsorship or are using a combination of any of these.

This guide is written specifically for students submitting their application from inside the UK who are not able to use the ID Check app as a part of their application. The ID Check app is available to most in-country applicants, but there are circumstances where you may not be able to use it, for example, because of technical issues. Please note that if you do not use the app, you will need to book and attend a biometrics appointment after submitting your visa application. You may be charged extra for this.

**Not everyone can apply for a Student visa in the UK. If you are not sure about your own eligibility, see [our website](#) for more information or contact [Student Advice](#).**

This Guide explains how to set up a Home Office online account and gives tips about completing the Student Visa application form. It does not cover all the Student Visa rules and requirements, it does not list all the documents needed and does not explain how to complete the application if you are applying with dependants.

We believe this information to be correct at the time of writing in December 2024.

## Before you apply

You must make sure you have read and understood all the Student Visa requirements and have all the correct documents in the correct format before you complete your visa application. Use the resources below.

[Westminster University Visa Pages](#)

## [Official Student Visa Guidance](#)

### [Government Website – General Information on Student Visa](#)

#### Prepare your documents

Check that your [documents](#) meet the Student Visa requirements and get a [CAS](#) (Confirmation of Acceptance for Studies). A CAS is issued by the University.

The application form is completed online, paid online, and submitted electronically. The date your application is considered as submitted is the date you pay the visa application fee (and not the date you attend your biometric appointment). You must meet the Student Visa requirements on the date you pay the visa application fee. This means that your accompanying documentation must also meet the Student Visa requirements on this date. Bank statements used to prove funds must show the required amount of money has been maintained in the account continuously for at least 28 consecutive days before the application fee is paid.

Make sure to read about the [financial requirements](#) on our website. If you are submitting your visa application inside the UK and on the day you pay your visa application fee you have lived in the UK for at least 12 months with a valid visa, you will meet the financial requirement automatically. In all other cases, you must still meet the financial requirement.

#### Request your CAS

[CAS](#) is a mandatory document for the Student visa application, even if you are applying to extend your visa to continue the same course. Continuing students will request CAS directly from the Visa Compliance team.

New students must first accept the course offer and, in most cases, pay a [tuition fee deposit](#). If you will be attending the pre-session course, you must pay the full fee for that course. Exceptions may apply for students awarded a full University of Westminster scholarship or who have a US or Canadian study loan.

Next, apply for your CAS via the [Applicant Portal](#). You need to complete a Visa Check task and CAS Request task. You will need to submit your passport details, qualifications, and details of any previous UK visas or UK study. The passport you submit must be the passport you will use to apply for your visa.

You can apply for your visa once you have your CAS and are within three months of your course start date. You need the CAS number for your visa application and the course information provided on CAS is essential for the completion of the visa application form.

### Consider timeframes

**You must submit the application before your current visa expires.** Most in-country visa applications are processed within 8 weeks of attending the biometrics appointment.

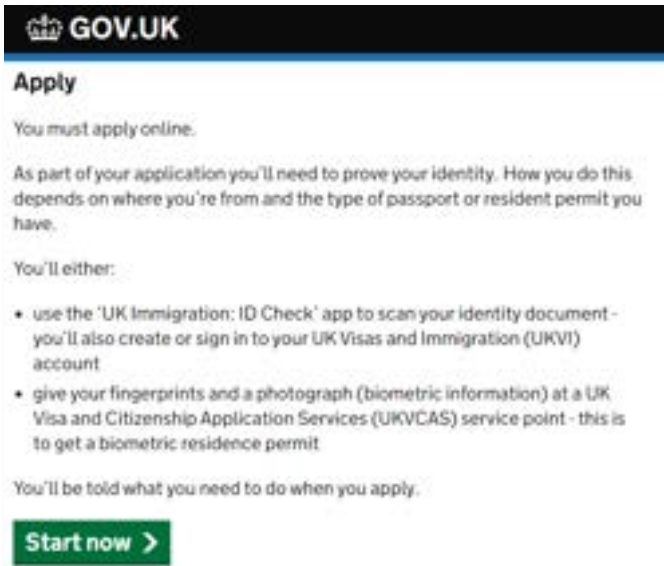

**Latest date to enrol on your course:** You will find the latest date to enrol listed on your CAS under the section 'Latest Date to Enrol'. This is the last date that you will be able to join your course. Depending on the type of your previous visa, you may be permitted to enrol on your course with a pending Student visa application. However, in some cases, you will need to have your Student visa granted before being able to enrol on the course (e.g. applicants who currently hold a Graduate Route visa). If you are unable to enrol by the given deadline, you will not be able to join your course and your Student visa (if granted) will need to be cancelled.

If you do not think you will be able to enrol at the University by your latest date to enrol on your course, it is important to liaise with the Admissions Office, you may have to defer your offer to the next academic intake.

If your visa is granted but you do not enrol in time, your visa will be reported to the Home Office and cancelled. You will not be able to use this visa to study a deferred course – you will need to get a new CAS and apply again.

## Student Visa Application Process

The visa application fee is £490. There will be additional costs for priority applications. The Student Immigration Health Surcharge is £776 per year and £388 for 6 months.

The screenshot shows the GOV.UK 'Apply' page. At the top, the GOV.UK logo is visible. Below it, the heading 'Apply' is displayed. The text reads: 'You must apply online.' followed by 'As part of your application you'll need to prove your identity. How you do this depends on where you're from and the type of passport or resident permit you have.' Below this, it says 'You'll either:' followed by a bulleted list: '• use the 'UK Immigration: ID Check' app to scan your identity document - you'll also create or sign in to your UK Visas and Immigration (UKVI) account' and '• give your fingerprints and a photograph (biometric information) at a UK Visa and Citizenship Application Services (UKVCAS) service point - this is to get a biometric residence permit'. At the bottom, it says 'You'll be told what you need to do when you apply.' and there is a green button with the text 'Start now >'.

### Starting your application

To access the visa application form, go to [www.gov.uk/student-visa/extend-your-visa](https://www.gov.uk/student-visa/extend-your-visa).

Scroll down the page and click the button 'Start now' under the heading 'Apply', as shown on the screenshot.

This will commence your application.

## Do you have a current EU, EEA or Swiss passport?

The EEA includes the EU countries and Iceland, Liechtenstein and Norway

The first question will ask where you are planning to live.

Confirm that you are planning to live in England.

Next question will ask about the nationality listed on your passport. If you have an EU, EEA or Swiss nationality, please confirm. Otherwise, answer 'no'.

If you answer 'yes', please see the next page.

If you answer 'no', please go directly to page 10.

## Confirm your identity

You will need a passport with a biometric chip.

### Scan your passport and upload a photo of yourself

To confirm your identity, you will use the free UK Immigration: ID Check app to scan your passport with a biometric chip and upload a photo of yourself.

If you are applying for someone else, the applicant needs to confirm their identity - you can help them use the app.

### If you cannot use the app to confirm your identity

You will need to go to a visa application centre after you apply instead. Visa application centres are not available in all countries.

## Does your passport have a biometric chip?

If your passport has a biometric chip, it will have this symbol:

Yes  No

Continue

**EU/EEA/Swiss nationals will see the next two questions.  
Other nationals, please go to the next page (p.10).**

**Next:** Confirm your identity.

As a part of the visa application process, you need to confirm your identity.

This page explains that you may be able to use an app on your phone and confirm your identity by scanning your passport and taking a picture of yourself.

Read the information and click Continue to proceed.

**Next:** Does your passport have a biometric chip?

Check the cover page of your passport to see if it has a biometric chip and answer accordingly.

If your passport does not have a biometric chip, you will not be able to use the ID Check app, as you will not be able to scan your passport through the app. You will still be able to submit the online application form, but you will also need to visit a visa application centre to confirm your identity. If this is the case, answer 'No' and follow this guide.

## Do you have a UK biometric residence permit (BRP)?

You will need your BRP to confirm your identity. If you have lost your BRP, select No.

Yes  No

Continue

### Non-EU/EEA/Swiss nationals only

If you do not have an EU, EEA, or Swiss passport, you will be asked if you have a BRP. You must have the actual BRP card (not a photo of it) in order to answer 'yes'.

If you never had a BRP or your BRP is lost, answer 'no'.

If you answer 'yes', you will see a series of additional questions which are determining whether or not you can use the ID Check app.

You may not be able to use the app if you do not have a BRP, *or* are under 18 years old, *or* have children applying with you, *or* your name on your BRP is different than on your passport.

## Check you can use the app

You can use the app on:

- an iPhone 7 or newer models
- an Android phone with near field communication (NFC)

Check the phone's settings to see if it has NFC. The phone has NFC if you can use it to make contactless payments.

### If you do not have a phone

Ask a friend or family member if you can use their phone. No information is stored on the app or phone after you close it.

You do not have to apply on the phone - you can do the rest of your application on your computer or another device.

We will send your decision letter by email - this can be your email or someone else's. You do not use your decision letter to prove your status.

## If you do not have a phone or cannot receive your decision letter by email

You cannot use the app to prove your identity and you will have to apply a different way.

You will need to book an appointment to have your fingerprints and photo taken after you apply.

### If you are applying outside the UK

Your appointment will be at a visa application centre.

Check if there is a [visa application centre](#) near you. Visa application centres are not available in all countries. You may also need to pay for some services.

### If you are applying in the UK

Your appointment will be at a [UK Visa and Citizenship Application Services \(UKVCAS\)](#) service point.

We will also send your decision letter by post.

## English language requirements

The next series of questions are concerned with the English language requirement.

If you have previously been granted a Tier 4 or Student visa and have proven your ability to meet the language requirement at the correct level, choose 'yes'.

Please check your CAS to see how your English language ability was assessed. If your CAS states that your English language has been assessed in another way, select **NO** and answer the following questions according to your situation.

**Next:** English language qualification from a UK school

The next question is again with regards to how you meet the English language requirement. It asks if you have an English qualification from a UK school. You should answer 'No' to this question, unless this is how your English language was assessed and this is confirmed on your CAS. This will usually only apply to undergraduate students.

## English language assessment

You will then be asked whether your CAS indicates that your English Language ability was assessed by your institution or that you are a 'gifted' student. Check your CAS.

If you are applying for a visa to study at degree level or above, the answer should be 'Yes' – please check your CAS to make sure it confirms this.

If you are applying for a Student visa for a Pre-sessional English Language course and had to take a UKVI SELT, you will need to declare this.

If you answer 'Yes' to this question, you will be asked to provide additional information. Please give as much detail as possible.

Please note that the online form lists the academic level as RQF/SCQF. It is the RQF number that is important. For example, for an Undergraduate course it is RQF 6, and for a Master's degree course – RQF 7.

A note explains: 'This is only money paid to your sponsor. For example, this does not include money paid to a private landlord or housing organisation. There is a limit on how much of this will count towards your maintenance requirement, and this is set out in the guidance page'. There are two radio buttons: 'Yes' and 'No'. At the bottom, there is a green 'Save and continue' button.

**Next:** Accommodation payments

Depending on how long you have lived in the UK, you may or may not see the next two questions.

Have you paid any money to your sponsor (University) for accommodation? Only choose “yes” if you have already paid money to the University towards accommodation for one of the following: Harrow Hall, Alexander Fleming or Marylebone Hall AND your CAS confirms the payment. Answer “NO” for any other accommodation even if this was obtained through the University.

A maximum of £1,334 can be deducted from the total money you need to prove for your maintenance, even if you have paid more.

If you decide to pay more than £1,334 towards your accommodation, ensure you still have sufficient funds in your bank account to prove you have £12,006 for your maintenance before you make your visa application.

The next question asks you to confirm the document you are using as proof of payment. This should be confirmed on your CAS. If your CAS does not confirm payment for your accommodation, you should contact the Visa Compliance team to have your CAS amended.

Your CAS should show the same amount as you enter on the application form. You should ensure that all the tuition fees you have paid are shown on your CAS. However, pre-sessional students with a CAS for the pre-sessional course only will not have the deposit payment listed on their first CAS.

### 'How can you prove this amount has been paid?'

## Next: Student Loan

If you answer 'Yes' to this question, you will be asked 'Have you already received your student loan?'

You can only rely on a loan letter if your loan is from:

- Your national government
- Your state/ regional government
- A government sponsored student loan company
- Part of an academic or educational loan scheme

Your loan must be available to you before you travel to the UK or paid directly to the University before you travel to the UK, with any living cost portion of the loan being made available to you by the time you arrive in the UK.

If your loan is provided by your national government, the loan must be available before you start your course.

The screenshot shows the GOV.UK website interface for the 'Visas and Immigration' section. At the top, there is a navigation bar with the GOV.UK logo and the title 'Visas and Immigration'. Below this is a progress indicator with six steps: 1. Start, 2. Application (highlighted), 3. Documents, 4. Declaration, 5. Pay, and 6. Further actions. A 'Back' button is visible on the left. The main heading is 'Maintenance funds'. The text below the heading reads: 'You must show that you have enough money to cover your course fees and living costs. [Read the guidance document](#) to find out how much money you need to show and what documents you can use as evidence.' The question is: 'Are all of the maintenance funds required for this application in a bank account with your name on it?'. There are two radio button options: 'Yes' and 'No'. At the bottom, there is a green 'Save and continue' button.

**Next:** Maintenance funds (this question may appear depending on your previous answers)

The next question asks if all of the funds that you are required to show are in a bank account with your name on it.

You will need to answer 'yes' to this question unless:

- you are fully sponsored by an official government sponsor or an international scholarship agency, **or**
- your funds are in your parent's bank account and in their name.

You are required to demonstrate that you have a specific amount of money as explained on [our website here](#).

You need to show that you have sufficient funds for your living costs (£12,006 for students whose course is at least 9 months long) and you also need to show that you have the money to pay your course fees for the first year. These funds need to be held in a bank account for a consecutive 28-day period and the bank statement submitted with the application needs to be recent and less than 31 days old at the date of the application.

If you are using your parent(s)/legal guardian(s) bank account to cover some of all of the funds, please select 'No'.

## Maintenance funds

You must show that you have enough money to cover your course fees and living costs. [Read the guidance document](#) to find out how much money you need to show and what documents you can use as evidence.

Are all of the maintenance funds required for this application in a bank account with your name on it?

Yes  No

Are you relying on money held in an account under your parent(s) or legal guardian(s) name?

Yes  No

Do you have permission from your parent(s) or legal guardian(s) to use this money?

Yes  No

How can you prove they are your parent(s) or legal guardian(s)?

- Birth certificate
- Adoption certificate
- Court document

If you answer ‘No’ and your maintenance funds are in one of your parent’s accounts, you will be asked whether you ‘have permission from your parent(s) or legal guardian(s) to use this money?’ You should answer ‘Yes’ to this question and ensure that you have a written consent from your parent(s) – you will need to submit this with your application.

You will then be asked how you can prove your relationship with your parent(s). Answer appropriately and select ‘Save and Continue’.

If you intend to use an adoption certificate or court document, contact [Student Advice](#) to check that your document will be accepted by the UKVI.

You can only use your parent’s or legal guardian’s financial evidence (in limited cases, it is also possible to use your partner’s (e.g., spouse’s) financial evidence, but additional requirements must be met here, including them being in the UK (and not on a visit visa) – contact us for advice if this may apply to you).

If any documents are not in English or Welsh, you must provide an official translation. Bank statements, birth certificates, parent sponsor letter and translations must all meet the Student visa requirements. Visit our [visa pages](#) for further information.

**You do not need to include financial evidence with your initial visa application if you meet the Student Visa Differentiation Arrangements and you are applying for your Student Visa in your country of nationality. You can check whether your country is part of the Differentiation Arrangement via [Appendix ST 22.1 of Immigration Rules](#).**

## Your Confirmation of Acceptance for Studies

Do you have a Confirmation of Acceptance for Studies (CAS) number?

Yes  No

### Your CAS

**Next:** Your Confirmation of Acceptance for Studies (CAS)

Your visa application will be refused if you do not have a CAS.

If you are applying for a Student visa, you should have a CAS number. Do not use an old CAS.

Answer 'Yes' (because **you must have a current and valid CAS** to make a valid application for a Student visa) and then enter your CAS number accurately.

You must check your CAS very carefully and ensure there are no errors or emissions. If you notice that there is an error on your CAS, contact the Visa Compliance team.

If you are applying to continue studying on a course which you started before (e.g., you are extending your visa to retake modules with attendance) then please put the start date of your course **not** as the original date when your course started but the date when your course is resuming, as confirmed on your CAS (**CAS start date**).

## Check your answers

Check the information below before you continue to the next section.

This is the end of the main part of the application form. Please check your answers carefully before proceeding.

After checking your answers, you will be able to add another applicant (a dependant) to your application. Not everyone is eligible to have a dependant, and not everyone can apply for a dependant visa in the UK. For more information on dependants, please see [UKICSA website](#).

This guide is intended for students applying on their own; if in doubt, please contact Student Advice.

If you are applying on your own, press *Continue*.

## Documents

You do not need to provide evidence of your qualification as a national of a country listed in the differential evidence rules. Occasionally, UK Visas and Immigration (UKVI) may request this evidence while your application is being considered. If the evidence is requested, your visa application may be refused if you do not provide it.

**Mandatory documents**

These documents are mandatory and you must provide them as part of your application. Tick the box to agree that you will provide each document:

### Next: Documents

You will be given a list of documents you are requested to submit with your visa application. You won't be able to upload these documents here just yet – you will need to upload them at a later step, at the time when booking your biometrics appointment, as explained later in this guide.

The list you will see depends on your individual circumstances: your nationality, your financial arrangements, etc. **The screenshots shown on the left are examples only** – you must refer to the list on your application form.

Gather your documents as listed on your application form. Tick each box to confirm you have this document.

The form may still ask you to submit the evidence of the qualification listed on your CAS, but this is no longer a requirement under the Student Route. You are welcome to submit the qualification if you wish, but it must be the right document as it will be considered by the caseworker if submitted.

### Next: Conditions

This page informs you that there will be certain conditions linked to your visa if your application is successful. To read more about Student visa conditions, please see [UKCISA website](#)

It also warns you what could happen if you stayed in the UK without permission (without visa).

Read this information carefully. You will need to confirm you understand and accept the conditions and sign the declaration which will appear on a separate page.

## Declaration

By sending this application, you confirm that to the best of your knowledge and belief the following is correct:

- the information relating to the application
- the supporting evidence

I understand that the data I have given can be used as set out in the [privacy policy](#)

I consent to organisations, including financial institutions, providing information to the Home Office when requested in relation to this application.

I understand that any passports/travel documents submitted in support of my application, which remain uncollected after 3 months from the date they were ready for collection, will be returned to an office of the authority that issued the document. If this happens, the Visa Application Centre will be able to advise where the document has been sent.

I have discussed with any other applicants that I am acting on behalf of, and confirmed that the contents of the application are correct and complete.

I agree to the [terms and conditions](#).

I understand that if false information is given, the application can be refused and I may be prosecuted, and, if I am the applicant, I may be banned from the UK.

I confirm that:

- I am the applicant aged 18 or over
- I am the applicant aged under 18
- I am the parent or legal guardian of the applicant who is aged under 18 and completing and submitting the form on their behalf

**I accept the above**

### Next: Declaration

Read the declaration carefully and confirm that you are the applicant and whether you are aged 18 or over or under 18.

**Please note that if you are under 18 years old, you will need to submit a written consent from both of your parents or legal guardians, in which they confirm the consent for your visa application and your living and care arrangements in the UK. You will also need to provide a copy of your birth certificate (or another government issued document) that shows the names of your parents.**

**DO NOT SUBMIT AND PAY FOR YOUR APPLICATION UNTIL YOU HAVE PREPARED YOUR SUPPORTING DOCUMENTS. YOU MUST PROVE THAT YOU MEET THE RULES ON THE DAY YOU APPLY FOR YOUR VISA (THE DATE YOU SUBMIT AND PAY FOR YOUR APPLICATION), NOT ON THE DAY OF YOUR APPOINTMENT.**

## Immigration Health Surcharge (IHS)

**Coronavirus (COVID-19): Disruption to this service**

Most UK Visa application centres are operating. To check availability of local services, contact:

- [IHS contact](#) if you are in Europe, Africa and parts of the Middle East.
- [VFS global](#) for all other countries.

Priority and Super Priority services are only available in some locations. If available, you will be able to purchase these services when booking your appointment.

There are changes at the border because of coronavirus (COVID-19). You are advised to consider [border control guidance](#) and any current [travel bans](#) before you apply for a visa.

You must pay your Immigration Health Surcharge (IHS) before you can complete your visa application. You will pay your IHS on another website, then return to this site to complete and pay for your application.

If you are exempt, you will still need to get a reference number from the IHS website.

Your IHS reference number will automatically be included on your application once you pay and return to this site.

**!** Your answers will be locked when you go to the IHS website, even if you do not pay your IHS straight away. If you need to make any changes to your answers you must do so now.

## Immigration Health Surcharge (IHS)

### Next: Immigration Health Surcharge

This is the last point at which you can edit your answers. Please carefully review your answers before moving onto the IHS payment.

You must now pay the Immigration Health Surcharge to proceed with your application.

You will need to pay IHS even for a short visa extension when applying in country. Any period under 6 months will be calculated as £388.

The amount of IHS payable is calculated on the length of your visa, including any time granted before the start of your course and after the course end date.

Click on 'Go to IHS website'. You'll then need to pay the IHS. [Check how much you'll need to pay.](#)

It is currently £776 per year of the visa and £388 for any additional period that is 6 months or less. If you are studying a 3-year undergraduate course, you will pay £2716. You will pay £1164 for a 1-year postgraduate course.

Once you have clicked on “Go to IHS website”, you will see an information page. Please read through and select “Continue”.

You will then see a summary of your details, with certain details missing. You will need to provide them again, even though you would have entered most of them on your application already.

Click on each red section and complete the missing information.

One of the questions will ask if you are applying to continue on the same course for which you were last given a Student visa.

If you are applying to study a new course, select ‘No’. Only students who are applying to extend their visa to complete their course (e.g., due to resits) should answer ‘Yes’.

Once you have paid the IHS, you will receive your own individual IHS number reference number.

The number shown on the left here is just an example.

You should then click on ‘Return to my visa application’.

## Choose a service

Select a service from the options below. You will not be able to change this after you have submitted your application.

- Standard service : pay 509.20 GBP**, most people get a decision within 8 weeks after attending their biometrics appointment.
- Priority service : pay 1009.20 GBP**, most people get a decision within 5 working days after attending their biometrics appointment.
- Super priority service : pay 1309.20 GBP**, most people get a decision on the next working day after attending their biometrics appointment.

The amount you pay for each service option includes the 19.20 GBP biometrics enrolment fee for each applicable person on this application.

UK Visas and Immigration will contact you if it will take longer to process your application.

## Visa application fee

**Next:** Choose a service

You now must pay the visa application fee.

Your Student visa application is considered submitted once you complete this payment (although as you will read below, this isn't the last step for you to complete).

The standard service usually takes 8 weeks from when you attend your appointment.

**You must stay in the UK until you receive a decision on your application. Leaving the UK whilst the application is pending will automatically withdraw your application.**

As long as you submit a valid application before your current visa expires, your rights in the UK will be extended until you receive a decision on the new application, even if your current visa expires while you are waiting.

You will then be prompted to book an appointment to enrol your Biometrics and submit your visa application.

Once you have paid this fee you must save the form and the checklist, and then proceed to booking a biometrics appointment.

## After your Visa Application is submitted

Once the visa fee payment is processed, the online Student visa application form is submitted. However, you have not completed the whole application process yet.

### Further actions: document upload and booking your biometrics appointment

You will now see screen 6. *Further actions*, which will list mandatory and optional actions for you to take.

Scroll down to the optional actions section and download a copy of your visa application form and the document checklist. Keep these documents for your own record.

Afterwards, please follow the instructions under Mandatory actions: book and attend an appointment at a UKVCAS centre to provide your biometrics. **If you do not complete this step, your visa application will not be successful.** You will first need to set up an account, then upload and submit digital copies of any required documents, and finally book and attend an appointment.

### Waiting for the visa decision

Standard visa processing time for in-country applications is 8 weeks unless using a Priority Service. Whilst your application is pending, you may be contacted to provide additional information: please make sure to check your email regularly (including spam) as there will be a deadline on providing additional evidence if requested.

**You must not leave the UK whilst your application is pending; leaving the UK will result in your application being withdrawn.**

If your most recent visa expires whilst you are waiting for the outcome of your current visa application, your rights in the UK will be protected (you will not become an overstayer) as long as you submitted a **valid in-time application**.

An *in-time application* means that it was submitted before your most recent visa expired and *valid* means that the application met all the validity criteria, including providing a valid CAS.

If you do not receive an outcome on your application within 8 weeks, please contact Student Advice.

### Receiving your visa

Once your visa is granted, you will receive a confirmation of this by email. Please read the email carefully and follow any steps required in the email. You should then be able to view your new e-visa in your UKVI account by using the [view-and-prove service](#). If you did not previously have a UKVI account, you should follow any instructions in the decision letter regarding activating your [e-visa](#).

### Checking your visa details

It is important to check that the details on your visa are correct. This includes checking the spelling of your name, your working conditions and the length of your visa.

The length of your visa is determined by the length of your course. Your Student visa should be granted until the end of your course as stated on your CAS plus some additional time at the end:

- A course of 12 months or longer, + 4 additional months
- A course of between 6 months and 12 months, + 2 additional months\*
- A course of less than 6 months, + 7 additional days\*
- If your course is a pre sessional course, + 1 additional month

\* If you are a continuing student and received a new CAS for a visa extension (for example, due to module retakes), your new visa should be granted based on the overall length of your course, not just the remaining period for which you are returning to

your studies (e.g. if your original visa was granted with 4 months at the end, your extension – however short – should also be granted with 4 additional months after CAS end date).

Please check in your visa decision letter that your visa was granted for the correct length. If you spot any errors, please contact Student Advice for guidance.
